

Waluga Neighborhood Emergency Preparedness Meeting

Wednesday March 16, 7-8:30 pm

Lake Grove Elementary School Library

Simplifying Your Emergency Preparedness

Janis Aschim, an avid backpacker and enthusiastic outdoors woman who works at REI, will bring some of her supplies to show us useful options for stoves and fuel for cooking food and heating water, water purification, lighting and power options, multipurpose tools and more!

She has been camping 'In The Wilds' on her own most of her adult life and has compiled experience that should be invaluable for us in knowing how to simplifying the task of putting together our personal emergency supplies. You don't have to be a hiker or backpacker to appreciate and learn first hand techniques on how to be more resilient and prepared!

I. Introductions

II. Storage: Where to I store my emergency bag should I have to leave my house in a hurry?

III. Water purification: Are Life Straws enough? What are other systems that don't cost a fortune and easy to use?

IV. Stoves and Fuel: For cooking and heating water.

V. Lighting Options

VI. Q/A

Janis' email jnsbmb@aol.com

VII. Future WNA E.P. meetings and agenda topics

Next E.P. meeting April 20, 2016, location TBA
